Re: Transmittal Letter:
Corrective Measures Study Report
Area B: Parcel B13
Tradepoint Atlantic
Sparrows Point, MD 21219

Dear Ms. Brown:

On behalf of Tradepoint Atlantic (TPA), ARM Group LLC (ARM) is pleased to provide the following transmittal letter to accompany the revised Corrective Measures Study (CMS) Report for Parcel B13 of the TPA property located in Sparrows Point, Maryland. This updated CMS Report modifies the previous Parcel B13 CMS Report (Revision 0 dated September 2, 2021) to extend the proposed consolidation area to the south. This extension will help accommodate any unforeseen in-situ material generated during the consolidation activities and may provide greater flexibility for potential future development plans for this Parcel. The accompanying CMS Report includes updated text regarding the proposed reuse area as well as updates to **Figure 8, Figure 10, and Figure 12.**

If you have questions regarding any information covered in this document, please feel free to contact ARM Group LLC at (410) 290-7775.

Respectfully Submitted,
ARM Group LLC
